Subject: (HECA) Oxy application to Ca DOGGR for UIC permit

The Ca DOGGR (division of oil, gas and geothermal resources) recently shared copies of the Class II EOR (enhanced oil recovery) UIC (underground injection control) permit application from Oxy (Occidental of Elk Hills, Inc.).

- For R9-Deep, the application is on G:share at:

G:\WTR-9\UIC\CLASS II\DOGGR\HECA

- Perhaps the most interesting read is the file titled:

OEHI_UIC_Permit_Write-Up.pdf

Please let me know if you want a copy. I can email the .pdf file or snail you the CDs (too large to email).
